Mayor
The history of El Centro Chicano at USC begins with the history of progressive campus activism and the civil rights movement during the 1960s and 1970s. It was during this period that students and campus groups from across the nation protested and organized to demand for the expansion of access, curriculum, and programs that focused on the experience of people of color at institutions of higher learning. From Harvard, Berkeley, CSUN, ELAC to USC, student activism from groups like the United Mexican American Students (UMAS) (which after 1969 became known as Movimiento Estudiantil Chicano de Aztlán - M.E.Ch.A.), the Mesa Directiva, the Black Student Union (BSU), the Asian American Student Alliance, American Indian students and many other groups, challenged universities and colleges to adopt institutional changes to their curriculum offerings, admissions policies, student services and relations to communities beyond the campus. These early student movement efforts by USC students of color led to the creation of an Ethnic Studies major, increased student of color admissions, the creation of the Topping Student Fund, the Mexican American Alumni Association (MAAA), the Latino Floor and the founding of USC El Centro Chicano.

The idea of establishing Chicano student campus centers that would focus on Chicano student recruitment, orientation, and retention is outlined in the *El Plan de Santa Barbara: A Chicano Plan for Higher Education* that was written in 1969. On October 9, 1969, members of UMAS met with USC President Norman Topping requesting that the university fund the creation of a Centro Chicano to act as an urban recruitment center for Mexican American high school and junior high school students. This initial request to fund a Centro Chicano was denied. The student movement at USC surged as was evident with increasing campus activism and the continued meetings between Chicano students and the administration over creating university resources for students of color including scholarships, admissions policies, proposing the creation of an office of EOPS and supporting the passage of the student fee that would become the Norman Topping Student Aid Fund. By 1971, USC M.E.Ch.A. and its supporters on campus were already in discussions with the university to have a Centro Chicano established. The focus of this Centro Chicano would combine Chicano student recruitment and retention efforts spearhead by students, with institutional resources to expand the ability of USC to meet the needs of the Chicano community. After continued negotiations between the student community and the university, USC El Centro Chicano was established in the fall of 1972. Under the leadership of Interim Director Raul Vargas, the move into the building at 3406 Hoover Street began in December and USC El Centro Chicano was opened in February during the 1973 spring semester. In March, Silas H. Abrego was hired as the first full-time Director. Under his leadership, USC El Centro Chicano began to implement a broad array of student and community centered services that would uniquely impact the way that USC supported Chicano students and served the broader mission of the university.
THE NAME: USC EL CENTRO CHICANO
There is a unique historical, political, cultural and intellectual importance to the name of USC El Centro Chicano. The historical nature of the name is one that emanates from the civil rights movement for self-determination and the promise of education. The identity label of Chicano becomes the basis for a cultural and spiritual rebirth for the Mexican American community. The Chicana/o Movement, as part of the larger civil rights movement of the 1960s/70s, was an important era that expanded institutional spaces for Chicanos and Latinos in higher education. Once a pejorative term, Chicano is rearticulated/redefined as a positive identity that recognizes the rich and ancient mixed indigenous origins of a community. As journalist Rubén Salazar wrote on February 6, 1970 in his *Los Angeles Times* column, “A Chicano is a Mexican-American with a non-Anglo image of himself... What, then, is a Chicano? Chicanos say that if you have to ask you’ll never understand, much less become, a Chicano. Actually, the word Chicano is as difficult to define as ‘soul.’” It also recognizes a different perspective on U.S. history that challenges master narratives, such as manifest destiny, which have come to define the American experience. In its place, the fields of Chicana/o Studies, Black Studies, Asian American Studies, American Indian Studies and other Ethnic Studies developed counter-narratives and academic scholarship that incorporate the voices, experiences and complex realities of people of color in the U.S. The name Chicano has never been universally accepted by mainstream society or even from within the Latino community. From its political and cultural origins, it remains in tension with other identity labels for reasons connected to different views on assimilation and acculturation in the U.S.

Adopting the word Chicano in 1972 for the new student center provided the institutional foundation to challenge the university to adapt new ways of providing access to higher education and student services for the Chicano/Latino community. From an academic standpoint, the name has come to define a real and symbolic intellectual space on the USC campus that retains its historical origins in struggle for self-determination and in expanding the mission of the university. USC El Centro Chicano has a long history of helping the university strive for excellence and is a link to each new freshmen, transfer and graduate class at USC. USC El Centro Chicano is a vital place of learning and facilitating continued conversations about how to improve access to higher education, retain and graduate Chicano/Latino students and how this work serves the mission of the university.

Ruben Salazar. “Who Is a Chicano? And What Is It the Chicanos Want?” February 6, 1970, *Los Angeles Times*. In 2011, the family of the late journalist Rubén Salazar donated his archives to the USC Libraries as a result of the efforts by the USC Boeckmann Center for Iberian and Latin American Studies and the USC Annenberg School for Communication & Journalism
El Centro Chicano

Mission and Principles

El Centro Chicano fosters a community of critically thinking, socially conscious Chicana/o and Latina/o leaders: providing personal, social and academic support through graduation and beyond. El Centro Chicano strives to educate the campus about Latina/o issues and the ethnic diversity represented within the community (i.e. Central & South America, Cuba, Dominican Republic, Mexico and Puerto Rico). El Centro also offers student advocacy, personal support, assistance for Latina/o student groups, and transitional/beyond USC programming. El Centro programs and services also consider gender, class, religion/spirituality, bi/monolingual, continuing generations, sexual orientation, disabilities, and multi-racial/ethnic identities, among other factors.

Core Programs and Services

Latino Floor: El Sol y La Luna – Established 1974
This residential program is an opportunity offered to first year students looking to connect with other students with similar interests and/or cultural backgrounds. The goal of the Latino floor is to create and promote a positive, supportive atmosphere that eases the transition of freshmen Latino students into USC life and empowers them to become prominent campus leaders. The floors are open to all students interested in learning more about the Chicano/Latino culture and provide extensive community service, cultural, academic and social activities throughout the year. ** We offer an opportunity for recently admitted Latino students/prospective students to spend a day/night on the Floor to see the benefits of it and gain insight into life at USC as a student of color.

Latino Honor Society (LHS) – Established 1997
This program recognizes the academic achievements of undergraduate Latino students as well as their dedication to the community. LHS promotes academic scholarship and commitment to community service. Applicants must have completed three or four semesters at USC, maintained a 3.5 GPA or above and demonstrated community and university involvement. Members are inducted every spring semester.

Leadership Development & Skill Building Series – Established 2006
This program focuses on developing student leadership skills through access to educational workshops, guest speakers, and seminars. This program helps students gain valuable insight on who they are as Latina/o leaders by helping them make connections to campus resources, develop new skills and refine existing skills. In addition, students gain access to valuable tools to help them set academic, personal, and career goals.
**Signature Programs**

**Black and Latino New Student Symposium - Established 2005**
Formerly known as *The Latino New Student Symposium*, this program welcomes Latino and Black or any combination of the above new students to kick your college career off right by plugging into campus resources before school even starts. All freshmen and transfers are invited to attend on Sunday, August 24, 2014 11:30am-5:00pm at GFS/SGM. You must RSVP!

**La Posada: Celebrating Latin American Holiday Traditions & Giving Back – Established 1999**
La Posada is presented by El Centro & The Latina/o Student Assembly, it is one of the many Latin American holiday traditions in which participants symbolically retrace the steps of the Virgin Mary and Joseph on the night that baby Jesus was born. In candle-Led light procession, a couple dressed as Mary and Joseph lead followers across the campus to three stops and ending with pan dulce and champurrado. USC students, faculty and staff members are invited to participate along with families and local community members. La Posada includes a Keynote and a Toy-Drive benefitting a local non-profit. It is celebrated the first Friday in December.

**Latino Trojan Family Reunion – Established 2008**
This event creates an opportunity for alumni to come back and reach out to students (both undergraduate & graduate) to network and provide advice on programs to take advantage of while at USC and provide Keys to Life after USC. The event features a speed-networking opportunity for current students to engage with Latino Trojan Alumni from diverse fields.

**Chicano/Latino Graduate Celebration – Established 1980**
The Chicano/Latino Graduate Celebration takes place the night before USC Commencement and it celebrates graduating students’ personal and academic achievements in the spirit and traditions of our beautiful Latino culture. The Chicano/Latino Graduate Celebration is open to all graduating USC students (including undergraduate, graduate/doctoral candidates) completing a degree in the spring, summer of fall term. This special celebration gives graduating students 20 seconds during the ceremony to publicly thank those who have helped them throughout their educational careers.

**Collaborative Programs**

**L.A. Power Trips – Established 2011**
El Centro Chicano and The Latina/o Student Assembly are happy to present a new type of series – the L.A. Power Trips. LSA and El Centro want to provide USC students with the opportunity to expand their horizons and explore the dynamic and rich culture Los Angeles has to offer. The L.A. Power Trips will provide students with the chance to continue their learning outside the classroom and directly apply what they’ve learned to real life situations and make connections between various segments, sectors and people that make Los Angeles the great city it is. A member of the USC faculty or staff will always be at hand to help students understand the importance and context of each trip and to answer any questions. Previous trips have been: Cesar Chavez Film at L.A. Live with Actor Eli Vargas, SPARCs (Social & Public Art Resource Center) with Judy Baca, and Homeboy Industries with Father Greg Boyle amongst others.

**The Latino Speaker Series – Established 2010**
This series co-sponsored by El Centro Chicano and the Latina/o Student Assembly spans from October to April and includes speakers from an array of fields such as entertainment, politics, education and the arts to provide engaging discussions with USC students – particularly the Latino community. By having prominent professional Latino leaders on campus our aim is to have an intimate talk with them about their paths to success, the meaning of Latino identity and their thoughts on the future of Latinos in America.
Project ReMiX is an interactive program that explores the intersectionality of identities of students from various ethnic and racial backgrounds. In order to create a culture of inclusion, Project ReMiX educates, engages, and empowers participants to understand how the complexity of their identities are linked to issues of social justice. The Asian Pacific American Student Services (APASS), Center for Black Cultural and Student Affairs (CBCSA) and El Centro Chicano (ECC) collaborate to provide this program at USC.

Lambda Theta Alpha was founded at Kean University, in NJ in December of 1975, as the first sorority ever created to cater towards the needs of Latinas in the nation. The purpose of Lambda Theta Alpha shall be to provide a sisterhood based on Unity, Love, & Respect. To develop strong Leaders who will then provide and practice political, social and cultural activities. To promote Latino Unity through charitable and educational programs and to maintain a high standard of learning and serve as a voice for all Latino students.

Lambda Theta Alpha is not an exclusive group of women. Although our roots are Latin, we have sisters from various cultures, nationalities and races including Caribbean, Caucasian, African American, European, Central and South American, Asian, Middle Eastern, and many more. We are an organization that fights for the empowerment of all women, regardless of their race, color, creed or religion.

Lambda Theta Nu Sorority, Inc. was established on March 11, 1986 at California State University, Chico. Founded on three pillars of academic excellence, community service, and sisterhood, our organization strives to cultivate leaders by supporting the growth and development of women of color in higher education. As an academic organization, we encourage our members to challenge themselves in their studies. In the past we have continuously had one of the highest GPA's in the Multicultural Greek Council and in Spring 2013 we received our sorority's national Academic Excellence Chapter of the year award and we also had the highest GPA out of all greek organizations at USC. In addition to participating in and organizing on-campus activities, we participate in various projects that help us serve the needs of our community and to serve as positive role models for our youth. Through these experiences, we help develop the leadership potential and skills of each of our sisters while developing and maintaining strong bonds with one another. Our goal is to offer support for our sisters not only throughout their undergraduate career, but also during their endeavors in post-graduate work and the professional world. Our sisterhood extends past our undergraduate years, into the rest of our lives.

**Event Spotlight:**
Every spring semester Lambda Theta Nu Sorority Inc. hosts the Latina Youth Leadership Conference on the USC campus. We bring in high school girls of color to introduce them to college life through various workshops. We hope that through this event, young girls are able to set themselves up to achieve success as they continue through high school and pursue higher education. Our chapter is also proud to offer a scholarship every spring to a local college-bound senior.

Lambda Theta Phi is the first and largest Latino fraternity with over 100 chapters across the nation. The fraternity provides the Latino college student the opportunity to be part of a family with a mission To cultivate a spirit of brotherhood, to value an education, to promote unity among all Latinos, to be proud of and cherish our heritage, to assert roles of leadership, to develop character, to practice chivalry, and to serve mankind. Lambda Theta Phi raises the social and cultural conscience of the Latin male college student.

As the Fraternity with the largest current active body, we will continue to strive forward and beyond.

Gammas are an incredibly diverse group of women committed to empowering ourselves and our community through our five principles: Academics, Community Service, Morals and Ethics, Cultural Awareness and Social Interaction. We are always spending time with one another whether we’re strolling, working on homework, hanging out or any other crazy thing we come up with! We’re not shy so come up and introduce yourself if you ever run into one of us on campus!

USC Engemann Student Health Center
**FRESHMEN/TRANSFERS:**

1) **Maintain your financial aid eligibility**
   Maintain a GPA higher than a 2.3 to remain eligible for financial aid. Turn in all required documentation to the financial aid office by the deadlines! To turn in any financial aid documents follow the link to [http://www.usc.edu/admission/fa/my_fa/](http://www.usc.edu/admission/fa/my_fa/). Deadlines are very important; buy a calendar where you can keep track of what is due and when it is due. El Centro provides free planners. Create your own personal folder and keep records/copies of everything. Do not throw away anything.

2) **Time management is everything!**
   Do not do the all-nighters. Studies show that sleep deprivation causes a decrease in attention span and an inability to store information into your memory. This means that you will stress and risk your health and GPA. Write in this handbook’s planner, and try to finish your assignments. Even if you do not have enough time to complete everything in your day’s to-do-list, prioritize. If want to go to that free movie screening or food give-away, you need to prioritize and make sure that you will get everything done before the due date. Study early, hit the sack, and wake up ready to attack. Pick up a Latino Resource Handbook at El Centro Chicano at the beginning of the school year. You can also visit USC Kortschak Center for Learning and Creativity at [http://kortschakcenter.usc.edu/](http://kortschakcenter.usc.edu/) or USC Center for Academic Support, [http://sait.usc.edu/academicsupport/centerservices/referrals.html](http://sait.usc.edu/academicsupport/centerservices/referrals.html), for time management resources; find out the next time management workshop or set up an appointment to visit them for help.

3) **Ask for help...don’t wait for someone to help you**
   If you start to sink academically, or you just really want that A, visit the Center for Academic Support, located in STU 301, for free tutoring. You can also visit the Kortschack Center for Learning and Creativity located in STU 311 for more help. Also, ask your professors for help because they are here to help you. And of course visit a student resource center such as El Centro if you need help with anything that is or is not related to academics (i.e. problems at home, financial aid problems, relationship problems, stress, etc.). We can direct you to more help. You can also visit the Counseling Center located at the Engemann Student Health Center if you would like to speak to someone about personal matters. Their phone number is (213) 740-7711. Friends are great people that will help you get through anything, but if you need anyone else visit the resource centers or groups on campus. USC wants you to succeed.

4) **Meet with your advisor**
   You are required by the university to make an appointment and visit your advisor before registering for spring and fall semesters in order to avoid registration ‘holds’. Advisors will help you select the proper classes for your general education and major’s requirements. If you are undecided they can help you decide on a major, investigate career and internship options, and help you develop job searching skills. Also, become friends with them so they can help you outside of the office with new opportunities. Visit your department’s website for more information or simply email your advisor to schedule an appointment.

5) **Talk to your professor and TA**
   Your professors get wrapped up with their jobs, families, and personal problems, just like us. So, introduce yourself and build rapport with them. Do not hesitate if they seem busy, they might surprise you when they actually have a lot to talk about. Become friends with them and show them that you care about your grade as well as their well-being. Go to their office hours, and they will definitely remember you when they are grading papers. They will provide a great source for recommendation letters, mentoring, and job opportunities.
6) Your USCard is your key to everything!
Keep your USCard safe and close. It will allow you to buy food, check out library books, access your dorm room, and visit the Lyon Center. Attach your USCard to your key chain or put it in your wallet so that you can always know where it is. If you lose it, report it lost online, and go to the USCard Office the next day to get a new one for $25. For more information visit http://www.usc.edu/business-affairs/admin_serv/uscard_serv/.

7) Stay healthy
Get some exercise and as much sleep as possible. School food can pack on the pounds and too much stress can make you sick. Be careful of the “freshmen 15,” it’s not a myth. But don’t forget to eat either! Take advantage of the facilities USC has to offer such as the Lyon Center and the Engemann Student Health Center. The Lyon Center is a gym that offers recreational sports, yoga, swim, dance, etc. Visit http://sait.usc.edu/Recsports/facilities/lyon-recreation-center-lrc for more information. The Health Center has many different counseling services, health promotion and disease prevention programs. They promote healthy lifestyles and care for your physical and psychological illnesses and concerns. For more information visit http://engemannshc.usc.edu/.

8) Planning to work?
First, you will need a resume. Whether you have one or would like to build a resume it is best to visit the Career Center which is located in STU 110. The career center will be your one stop shop for questions and help. Second, try to find an on-campus work-study job. If you are on campus, hours are flexible and you don’t have to commute. Talk to financial aid for work study eligibility. Their number is (213) 740-4444 or you can visit them in person. They are located at John Hubbard Hall. Third, be on the lookout for job fairs; they are typically held at the beginning of each semester on campus. Visit, http://careers.usc.edu/ for more information. You can also visit, http://sait.usc.edu/ois/intl-students/f-1-employment/on-campus.aspx#1, for more information about working on-campus.

9) Get Involved!
Give yourself a break from studying once in a while and get involved on campus. You can also beat home sickness by joining clubs or organizations on campus, the school newspaper, the Greek Society, choir, intramural sports etc. The Latino Student Assembly alone has over 25 clubs and organizations you can join. Visit El Centro or the Volunteer Center for more information on how to get involved. You will find your best friends by being in something you both like. Check out El Centro’s website for more information about the Latino Orgs, http://sait.usc.edu/elcentro/involvement.aspx. You can also check out http://scampus.usc.edu/student-organizations/ for more information about other student organizations at USC. For volunteer opportunities visit the JEP house or visit their website for more information at http://dornsife.usc.edu/joint-educational-project/. Make sure to visit them within the first week of classes for volunteer opportunities.

10) Exam time: Deactivate your Facebook, Twitter, Instagram, Tumblr, etc.
Internet is a beautiful invention that helps us access information during those wonderful research papers, right? Unfortunately, it is a big distraction during midterm season and finals week. Temporarily deactivate your account, or make your best friend change your password and you can change theirs. Do not give in to the temptation of the mouse! For more information for how to deactivate your account visit http://www.facebook.com/help/359046244166395/ for Facebook, for twitter http://support.twitter.com/articles/15358-deactivating-your-account, and for Tumblr http://www.ehow.com/how_8782722_do-deactivate-tumblr.html.
11) Need a Ride?
You may need a bike to get around campus but what about when you want to go out and explore LA? Campus Cruiser runs all week and weekends if you want to reach a place off campus within a one mile radius from the center of campus. Their number is (213)740-4911. You can also take the YellowCab which accepts US Cards. Their number is (800) USC-TAXI. An alternative to the Yellow Cab is Lyft. Lyft are cars with pink mustaches. If you have an iPhone or android you can download the app. Lyft makes it easy and cheap to get a ride around town. There is also the metro, Los Angeles’ public transportation. Check out their website for more information at http://www.metro.net/. USC also has buses that have routes inside of USC and around the neighborhood. If you are interested, check out their website for more information at http://transnet.usc.edu/. Zip Cars are also available inside USC campus and around campus. For more information visit their website, http://www.zipcar.com/usc. Go out and explore the beautiful city of Angels!

12) STUDY, STUDY, STUDY, STUDY...
Find a quiet study space. Leavey Library is open 24/7. There are rooms at the Ronald Tutor Campus Center, Doheny Library, and the computer rooms at Salvatori Computer Science Center and King Hall, which offer small study rooms. To reserve a space at one of the libraries visit http://www.usc.edu/libraries/about/library_space/. You can also find nice spot on the grass to study. Form study groups so you can share notes and review course work. Most importantly, don’t fall behind on your readings! And do not hesitate to ask for help. El Centro Chicano is here for you. Check out this website for more places to study on, http://sait.usc.edu/campuscenter/page.asp?PageID=194.

13) Beat home sickness
Develop a comfort zone by bringing things from home that are familiar or important to. Stay in touch with those you love; remember to call, e-mail or visit them. Everyone gets homesick once and a while but you will find out that SC makes a great home. Come to El Centro if you need anything! We are more than happy to help. We are located on the fourth floor of the student union, STU 402. Wishing you the best of luck-Fight On!
GRADUATE STUDENTS:

1) Time management
As a graduate student, there might be more on a student's plate. Don't procrastinate! Not waiting until the last minute to do an assignment is advice that has been given to us since we can remember, however it applies to us now more than ever.

2) Network
Make sure to go out there and meet new people! Meet your classmates, professors or other people at USC! By networking you will find new friends, study buddies, and that support system you will need to survive grad school! You can network by getting involved and joining organizations in your program.

3) Mentor
Along with meeting new people, it’s important to get a mentor. It can be another student who is in another year, a professor, or someone who is in the profession that has qualities that you admire. It might feel awkward asking someone “Do you want to be my mentor?” but there is nothing to lose! They will feel honored to be considered and you will benefit from all the advice they can give you! You are never too old to get a mentor and you can never have too many mentors.

4) Self-Care
School can be stressful and time consuming but don’t forget to take a break once in a while and do the hobbies you love.

5) School Spirit
You may feel that the undergraduates have way more school spirit, but don’t be afraid to join them! You are now part of the USC Familia and you have every right to show it off!

6) Resources
Finally we encourage graduate students to venture out of their school/program/department and explore other resources on campus beginning with USC El Centro Chicano, a cultural resource center on campus established in 1972 (located on the 4th floor of the student union, STU 402), as well as other offices and programs highlighted in the Latino Resource Handbook. In addition, we strongly encourage you to also seek out organizations you might want to be a part of, starting with Latino Graduate Organizations listed in the club/organization section in the Latino Resource Handbook. These additional resources will help you in achieving the tips identified above and ultimately a well-balanced success at USC. Wishing you the best of luck-Fight On!

Los Angeles was officially founded in 1781 by the governor of Baja and Alta California Felipe de Neve with the official name of El Pueblo de La Reina de Los Angeles, although at times it was also referred to as El Pueblo de Nuestra Senora Reina de Los Angeles de Porciuncula. When the settlers arrived to Los Angeles, the area was populated by Tongva Indians, the Spanish renamed Gabrieliños, after the Spanish Mission San Gabriel de Arcangel founded ten years earlier. These and other Native American groups had inhabited the area of Los Angeles for at least tens of thousands of years.

The “Spanish” settlers that arrived to populate the area consisted of a wide racial mixture. Many were full Indians from Sonora and Sinaloa, others were descendants of Spanish and Indian parents, several were also Black or mulatto. There were only two “Spaniards” in the group, one born in New Spain and only one born in Spain. One of the settlers may have even been Filipino since he came from Manila. At the time of its founding, New Spain was in the process of populating Alta California with presidios (military forts) to defend it from foreign intervention, missions to Christianize Indians, and pueblos for families from New Spain to populate. Los Angeles, was only the second civilian settlement in California. Despite the arrival of Spanish settlers, soldiers, and friars, the majority of the population in Southern California was undoubtedly Indian until the 1820s.

In 1821, Mexico gained Independence from Spain and Alta California became Mexican territory. During the Mexican period, Los Angeles’ economy grew exponentially and was based primarily on the cattle industry and trade with foreigners. New Spain and Mexico had given large land grants to the settlers of the Los Angeles area. When the United States and Mexico fought a war between 1846 and 1848, the local Californios gave the U.S. Army its clearest defeat at the Battle of San Pascual.

The United States won the war and the Treaty of Guadalupe Hidalgo set the terms of peace. Two of the agreements in the treaty stated that Mexico would cede its northern territories including California in exchange for 15 million dollars, and that Mexicans who chose to remain in the former Mexican territories were to be guaranteed U.S. citizenship and all the rights that came with citizenship. This is how Mexican Los Angeles began its transition into an American Los Angeles.
Despite the rapid population growth of the state in 1849, the immediate Americanization of the north, and the admission of California as a state of the United States in 1850, Los Angeles retained strong Spanish, Mexican, and local Californio cultural influences for at least two decades. However, Mexicans were not the only “Latino” group in California at this time. In fact, some of the first gold miners to arrive in San Francisco in 1848 were from Chile. Even some of the miners from Sonora, Mexico were originally from Chile.

Even though the state constitution was drafted by Americans and Californios together, and all the legal documents of the state were printed in English and Spanish, Californios gradually lost their numerical majority as well as their political and economic power during the latter half of the nineteenth century. It was during this period that many Californio elite lost their land in legal struggles and some Californios turned to social banditry and gained infamy like Joaquin Murieta and Tiburcio Vasquez. It was not until the 1920s that Los Angeles saw a large resurgence of Mexican residents in Los Angeles. Largely spurred by the economic stagnation resulting from the Mexican Revolution of the 1910s, Mexicans in Los Angeles constituted the largest number of Mexicans outside of Mexico City by the late 1920s. Because of the repatriation of Mexicans during the first years of the Great Depression, Los Angeles lost one third of its Mexican population. During the 1940s and 1950s the Mexican population grew slowly.

It was not until after 1965 that the Latino population of Los Angeles grew rapidly. More Mexicans live in Los Angeles than in any city other than Mexico City itself. Yet by the year 2000, the Mexican community made up only 79 percent of the region’s Latino population. The city attracted large numbers of immigrants from Central America, particularly during the 1980s. People from El Salvador, Guatemala, and Nicaragua form the largest Latino communities after those of Mexican origin. In 2005 Los Angeles elected its first Latino mayor since 1872, the Mexican American, Antonio Villaraigosa. It is from institutions like USC and cities like Los Angeles than one can expect many other Latino “firsts.” Which “first” will you be?

B.A. Health and Humanity ‘17

My name is Olivia Ceja. I was born in Bell, CA and grew up in the heart of East Los Angeles. I am currently a sophomore majoring in Health and Humanity and will soon be adding a second major of Spanish. I am a proud Latina with family from Michoacán, Jalisco, and Tijuana, Mexico. I am interested in medicine and hope to go into the field as a physician, working for the comunidad. On campus, I am involved in Hermanas Unidas (HaU), hold a research job at USC Keck conducting colorectal cancer research among Hispanics, and volunteer at LAC+USC Medical Center on my spare time. I look forward to being the Latino Floor RA and sharing some wonderful memories with my residents especially because the Latino Floor and El Centro Chicano were my home away from home just last year. To the freshman, make every moment count, take advantage of every opportunity to grow, and stay hungry for learning. Most importantly luchen adelante con ganas and fight on!

“If you’re outraged at conditions, then you can’t possibly be free or happy until you devote all your time to changing them and do nothing but that. *One of the greatest things you have in life is that no one has the authority to tell you what you want to be. You’re the one who’ll decide what you want to be. Respect yourself and respect the integrity of others as well. The greatest thing you have is your self image, a positive opinion of yourself. You must never let anyone take it from you.* – Jaime Escalante, Educator

Public Art Celebrating the Chicano/Latino Community at USC

Memorial to Cesar Chavez

Jose Marti Sculpture
USC’s bronze bust of José Martí, the famous nineteenth century Cuban poet and patriot, is again on display welcoming visitors to the Doheny Memorial Library’s Intellectual Commons, a room housing the Boeckmann Center’s Iberian and Latin American reference collection. In April, 2008, Dean of the USC Libraries Catherine Quinlan, placed the bronze likeness of Martí in its present location. From 1994 to 2000 it was displayed in the Boeckmann Center in the lower level of Doheny Library. Its first move was to East Library for safety during the Doheny Library’s earthquake retrofit construction. In 2004 it returned to Doheny Library, this time to protect it from a retrofit construction project in East Library. It remained behind the scene for the next four years, with brief public appearances each year for special events.

La Memoria de Nuestra Tierra
La Memoria de Nuestra Tierra, is a mural painted by Judith F. Baca for the Topping Student Center. Commissioned by the university and dedicated on December 5, 1996, it depicts a landscape from a photograph of the northern part of Los Angeles. Land is the essential framework and focus of the mural. Often an image in the work of Judy Baca, the land here represents fertility, as it stretches into the distance as a source of food for the people. The river flowing from the kiva, changes to a freeway and then returns to its natural state, helping to sustain the land. In the mural the land has been stripped away showing in historical stratification the story of itself and the people who dwell on it, included among the figures are several USC students who were involved in the creation of the mural, as well as David Alfaro Siqueiros and Diego Rivera. Mural was relocated to the Ronald Tutor Campus Center Graduate Student Lounge TCC 430 and rededicated by El Centro Chicano on September 30, 2010.

Cesar Chavez Mural
Through support of the Latino Parents Association, the United University Church (UUC), and the community, El Centro Chicano dedicated a mural to United Farm Worker founder Cesar E. Chavez. The mural was a collaborative effort and was dedicated in 1996. Alfredo Davalos, the artist depicts the life and principles of Chavez through images of other non-violent leaders and the work of the farm laborers. The mural is located in the Jose Carlos Lecture Hall within the former facilities of El Centro Chicano (United University Church 300, 3rd fl.). On November 12th, 2013 an updated version of mural (front cover) in collaboration with Alfredo Davalos was dedicated at new location of El Centro Chicano (Student Union, Suite 402).
